

EU DECLARATION OF CONFORMITY PACKAGING AND PACKAGING WASTE REGULATION (PPWR) REGULATION (EU) 2025/40

1. EU DECLARATION OF CONFORMITY

EU Declaration of Conformity No.: QCD098C – 001 – PPWR.

This EU Declaration of Conformity is issued in accordance with Article 39 of Regulation (EU) 2025/40 on packaging and packaging waste (Packaging and Packaging Waste Regulation – PPWR).

2. MANUFACTURER & PLACE OF ISSUE

Multiplastics (Europe) Limited, Columbus House, 30 Manchester Road, Northwich, Cheshire, CW9 5ND
United Kingdom - Registered in England No. 2393451. This declaration is issued by Multiplastics (Europe) Limited in respect of packaging within the scope of this declaration for which Multiplastics (Europe) Limited is the manufacturer for the purposes of Regulation (EU) 2025/40.

3. OBJECT OF THE DECLARATION – IDENTIFICATION AND TRACEABILITY

This EU Declaration of Conformity applies to all packaging products supplied by Multiplastics (Europe) Limited. The products covered by this Declaration are uniquely identified and controlled through the current Multiplastics (Europe) Limited Product Compliance Register.

The Product Compliance Register provides the product identification and traceability reference for the packaging covered by this Declaration. The corresponding Product Compliance Technical File contains the supporting technical documentation and conformity assessment evidence.

Traceability is maintained through, as applicable:

- Product Code
- Batch/Lot Number
- Manufacturing Records
- Delivery Documentation

4. DESCRIPTION OF THE PACKAGING COVERED

The packaging covered by this declaration comprises packaging materials and packaging products supplied by Multiplastics (Europe) Limited within its defined scope of activities, including flexible plastic films and other materials, such as polystyrene, polypropylene, polyester, laminated and heat-sealable substrates, compostable substrates and paper, together with relevant traded flexible plastic film products and papers.

Products may be supplied for food-contact and non-food-contact packaging applications, including, where applicable, envelope window films, industrial packaging, stationery, labels and other commercial packaging applications. The intended use, applicable conditions and product-specific compliance requirements are identified and controlled within the Product Compliance Register and the relevant Product Compliance Technical File.

5. APPLICABLE UNION LEGISLATION

The packaging identified in Section 3 is declared, where applicable to the packaging type and intended use, to conform with the requirements of:

- Regulation (EU) 2025/40 on packaging and packaging waste (Packaging and Packaging Waste Regulation – PPWR). For food-contact packaging, this declaration is to be read together with the applicable food-contact Declaration of Compliance and supporting documentation maintained within the relevant Product Compliance Technical File, including, where applicable:
- Regulation (EC) No. 1935/2004 on materials and articles intended to come into contact with food.
- Commission Regulation (EC) No. 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food.
- Commission Regulation (EU) No. 10/2011 on plastic materials and articles intended to come into contact with food, including its applicable compositional, migration and Declaration of Compliance requirements.
- Other applicable Union or national food-contact legislation identified in the relevant Product Compliance Technical File.

Other legislation and regulatory requirements, including REACH and applicable substance restrictions, are addressed where applicable through the relevant Product Compliance Register and Product Compliance Technical File. This declaration does not extend the scope of any legislation to products for which that legislation is not applicable.

6. CONFORMITY ASSESSMENT

Multiplastics (Europe) Limited has established and maintains product-specific technical documentation within the Product Compliance Technical File system. The technical documentation is intended to enable assessment of conformity with the applicable requirements of Regulation (EU) 2025/40 and includes, where relevant, product descriptions, intended use, design and material information, applicable technical specifications, conformity assessments, risk assessment, test reports and supporting supplier documentation.

The conformity assessment is carried out in accordance with Article 38 and the applicable procedure set out in Annex VII of Regulation (EU) 2025/40. For packaging within the scope of this declaration, the applicable conformity assessment evidence is retained in the relevant Product Compliance Technical File.

7. STANDARDS AND TECHNICAL SPECIFICATIONS

Conformity is assessed against the applicable requirements of Regulation (EU) 2025/40 using relevant harmonised standards, common specifications and/or other technical specifications where applicable. The specific standards, common specifications and technical specifications relied upon for each packaging type are identified and controlled within the relevant Product Compliance Technical File and Product Compliance Register.

Where no applicable harmonised standard or common specification is used, the technical documentation records the alternative technical approach used to demonstrate conformity.

8. NOTIFIED BODY

Notified body intervention: Not applicable to the packaging covered by this master declaration unless specifically identified in the relevant Product Compliance Technical File. Where notified body intervention becomes applicable to a particular packaging type, the relevant notified body, intervention and certificate details shall be recorded in the product-specific documentation and the applicable declaration shall be updated.

9. RESPONSIBILITY AND DECLARATION

This declaration of conformity is issued under the sole responsibility of Multiplastics (Europe) Limited.

Multiplastics (Europe) Limited declares that fulfilment of the applicable requirements laid down in or pursuant to Articles 5 to 12 of Regulation (EU) 2025/40 has been demonstrated through the conformity assessment procedure referred to in Article 38 and the supporting technical documentation maintained within the Product Compliance Technical File.

10. ADDITIONAL INFORMATION

This Declaration is a controlled master declaration covering all packaging products supplied by Multiplastics (Europe) Limited. It shall be continuously updated where changes to packaging design, material, characteristics, applicable legislation, harmonised standards, common specifications, technical specifications or other relevant compliance information could affect conformity.

The Product Compliance Register shall be maintained as the controlled record identifying the packaging products covered by this Declaration and shall be updated when packaging products are added, withdrawn or materially changed.

The Product Compliance Register and Product Compliance Technical File constitute controlled supporting records and shall be maintained in accordance with the applicable document-control and retention requirements.

For single-use packaging, the technical documentation and EU Declaration of Conformity shall be retained for 5 years from the date the packaging was placed on the market. For reusable packaging, they shall be retained for 10 years from the date the packaging was placed on the market.

11. AUTHORISATION

Date: 17.08.2026
Name: Sarah Conneely
Position: Business Development Sales Executive (Authorised Company Representative)
Signature: _____
Review / Control: Controlled document. Continuous review required where legislation, supplier information, product specifications or other relevant compliance information changes.
