

MULTIPLASTICS (EUROPE) LIMITED

DECLARATION OF COMPLIANCE FOOD CONTACT MATERIAL

PRODUCT RANGE

This Declaration applies to all packaging materials supplied by Multiplastics (Europe) Ltd that are intended for direct food contact, unless otherwise stated in individual product documentation.

INTENDED USE

Packaging materials intended for direct food contact applications in accordance with the applicable food contact legislation and the product-specific conditions of use.

SCOPE OF DECLARATION

This Declaration applies to all food contact packaging materials supplied by Multiplastics (Europe) Ltd and listed within the company's Product Compliance Register. It applies only to products supplied in their original condition and supported by the applicable supplier declarations, declarations of compliance and technical documentation retained within the Product Compliance Technical File.

DECLARATION

Multiplastics (Europe) Ltd declares that the products covered by this Declaration comply, where applicable to their intended use, with the legislation and regulatory requirements identified within this Declaration. This includes the applicable requirements of Regulation (EU) 2025/40 (Packaging and Packaging Waste Regulation).

SUPPORTING TECHNICAL DOCUMENTATION

This Declaration of Compliance is supported by supplier declarations, technical specifications and compliance documentation retained by Multiplastics (Europe) Ltd as part of the Product Compliance Technical File. These documents are controlled internally and are available to competent authorities upon legitimate request.

TRACEABILITY

Products supplied by Multiplastics (Europe) Ltd are fully traceable through:

- Product Code
- Batch/Lot Number
- Manufacturing Records
- Delivery Documentation

REGULATORY COMPLIANCE

Based upon the available technical documentation, supplier declarations and manufacturing controls, the product is declared to comply with the following legislation, where applicable to the intended use of the product:

- Regulation (EU) 2025/40 (Packaging and Packaging Waste Regulation)
- Regulation (EC) No. 1907/2006 (REACH), including Candidate List substances where applicable
- Applicable restrictions on intentionally added PFAS as declared by the raw material supplier
- Applicable substance restrictions relevant to packaging materials intended for direct food contact use
- Regulation (EC) No. 1935/2004 – Materials and articles intended to come into contact with food
- Commission Regulation (EC) No. 2023/2006 on Good Manufacturing Practice (GMP). Documented quality controls, supplier approval, traceability, risk assessment and process controls are maintained to ensure the consistent manufacture of packaging materials that comply with applicable food contact legislation.
- Commission Regulation (EU) No. 10/2011 on plastic materials and articles intended to come into contact with food (where applicable).

SUBSTANCE COMPLIANCE

Based on supplier documentation reviewed by Multiplastics (Europe) Ltd:

- Lead, Cadmium, Mercury and Hexavalent Chromium comply with the applicable concentration limits.
- No intentionally added PFAS have been declared by the raw material manufacturer.
- No intentionally added substances identified within the supplier's restricted substance declaration are expected to be present above applicable regulatory limits.
- The raw material supplier has declared compliance with the current REACH Candidate List requirements.

Multiplastics (Europe) Ltd does not independently analyse every batch for these substances and relies upon documented supplier compliance supported through supplier approval processes.

LIMITATIONS

This declaration applies only to the material supplied by Multiplastics (Europe) Ltd in its supplied condition. The customer remains responsible for ensuring that the packaging is suitable for its intended end use and complies with any additional legislation applicable to the finished packaging system.

BASIS OF DECLARATION

This declaration has been prepared following review of supplier declarations of compliance, supplier compliance documentation, product specifications, applicable legislation, internal manufacturing controls and Multiplastics (Europe) Ltd's supplier approval process. Supporting evidence is retained within the Product Compliance Technical File.

PRODUCT COVERAGE

The products covered by this Declaration are identified and controlled within the Multiplastics (Europe) Ltd Product Compliance Register. The Register identifies the applicable supplier documentation, technical specifications and supporting compliance evidence for each product, which are retained within the relevant Product Compliance Technical File.

MULTIPLASTICS SCOPE OF ACTIVITIES

The conversion by way of slitting of plastic films and other materials (polystyrene, polypropylene, polyester, laminated and heat-sealable substrates, compostable substrates, and paper) for direct food contact, envelope window film, labels and other commercial applications.
With outsourced process (flexographic printing, perforating, folding, sheeting, bag and pouch making).
The supply of traded products (flexible plastic film products and papers).
